FAQ

Check availability

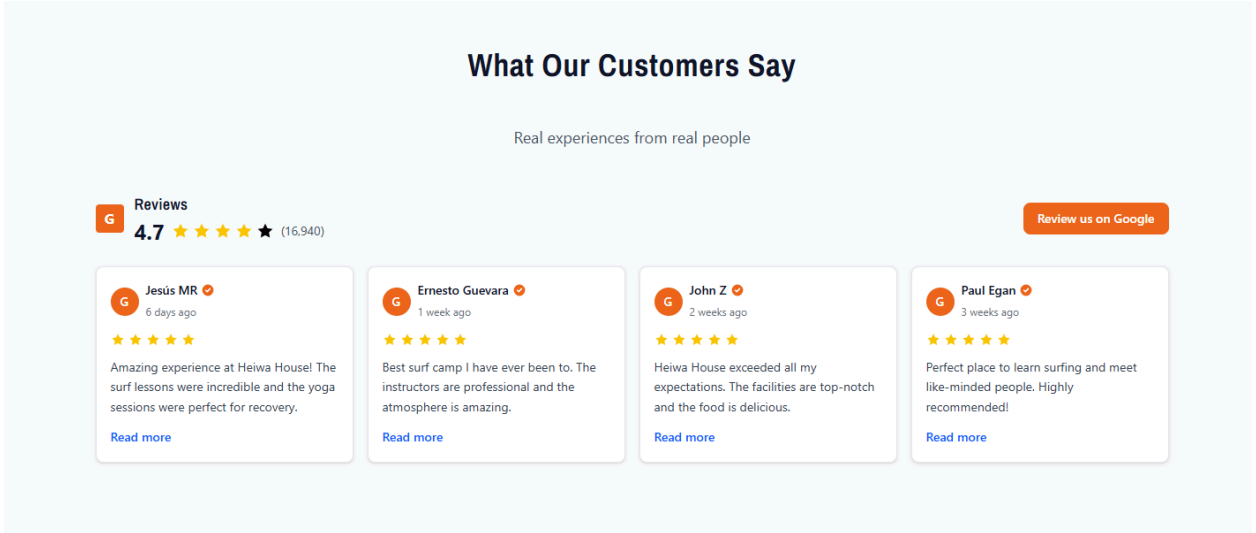

https://heiwa-fr.netlify.app/flow the button does not do anything.

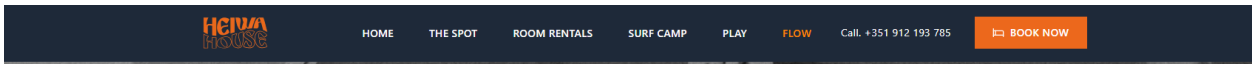

Logo overflowing the menu bar. Please make it around 20% smaller

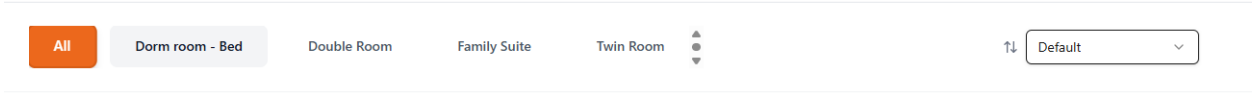

---

Please remove button “Review us on Google”

When you enter any of pages - the menu does not have surf button. And I think it should stay with same order of menus as main page, so there is less confusion.

Because we have only 4 rooms, no need for this bar

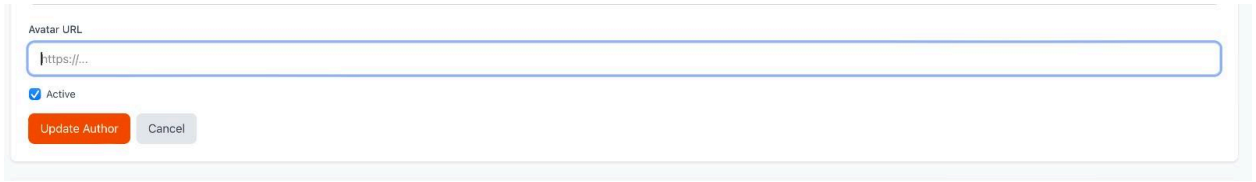

I think we don't need the section “ THE SPOT” anymore, because all the info is already elsewhere - main page, surf, flow and play

BLOG

- Blog needs H tags, as in, so we can assign H2/H3/H4s to titles.
- When I click on upload the image, it asks me for an image URL, should be an upload?

Avatar for author should be an upload too.

Best surf camp I've ever been to. The instructors are patient and knowledgeable, the accommodation is comfortable, and the location is perfect. Highly recommend!

Life-changing week! I went from barely standing on the board to catching real waves. The yoga sessions were the perfect complement to surfing. Thank you Heiwa House!

Perfect blend of surfing, relaxation, and fun. The staff goes above and beyond to make sure everyone has an amazing time. The video analysis really helped improve my technique.

Overall Surf Camps page feels too stretched out. Maybe we can make sections more compact.

This section should show 4 surf weeks and be expandable to show all.

How a surf week works

Your journey from booking to catching waves

1 **Choose a week & book**

Browse our available surf weeks and select the dates that work for you. Send us an email to confirm availability and make your booking. We'll provide all the details you need to prepare for your adventure.

2 **Transfer, Arrival & Check-in**

Arrive anytime from 15:00 on your starting date. We can help arrange transfers from the airport (approximately 40€ taxi ride). Settle into your comfortable room and get ready for an incredible week ahead.

3 **Welcome Tour**

We'll show you around Heiwa House - from the skatepark and yoga dome to the pool and game areas. Meet your fellow surf week participants and get familiar with everything our amazing property has to offer.

This section maybe can be organized in two or three columns so it is not so long

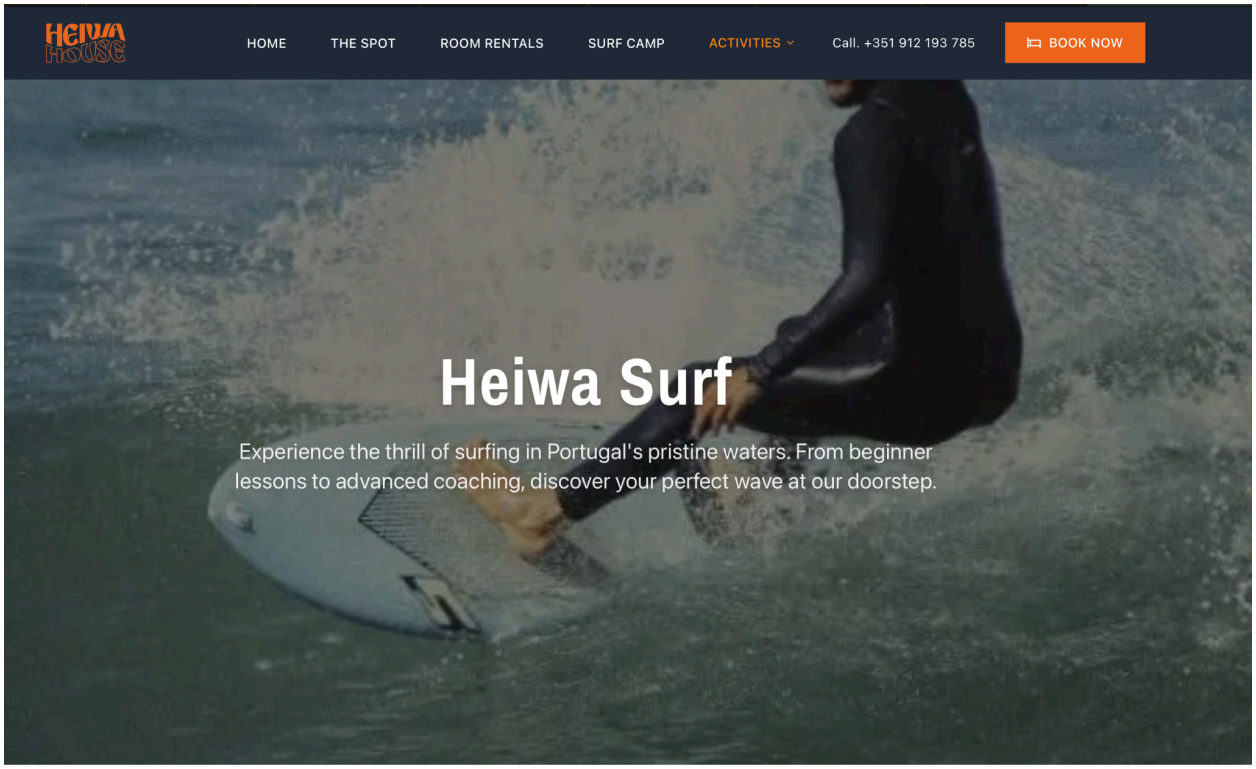

Reduce to two lines and make it scrollable sideways

Heiwa Surf

It makes me sad to see that you decided to completely disregard the wireframe I create and let chatgpt decide on how to structure this page.

As always machine is smarter than human so there actually are some things we can keep IMO

The page should be structured like this (anything I haven’t mentioned here should be removed)

Your Local Break

Just a short walk or quick drive from Heiwa House, you'll find beautiful sandy beaches with consistent waves. These local spots are perfect for morning sessions, sunset surfs, or when you just want to grab your board and go.

15-20 minute walk

Enjoy a beautiful coastal walk down to the beach. Perfect for warming up before your session.

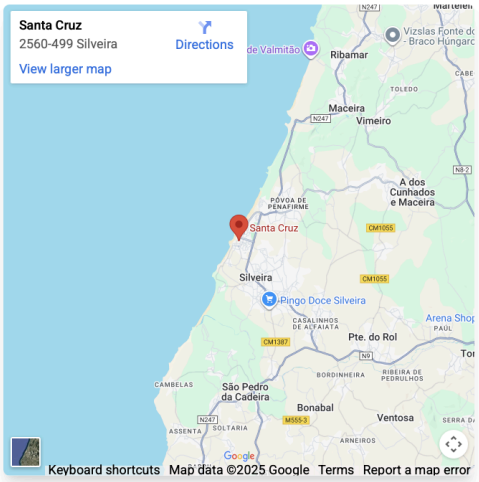

5 minute drive

Quick and easy access by car. We also offer bicycle rentals with board racks for 30€/week.

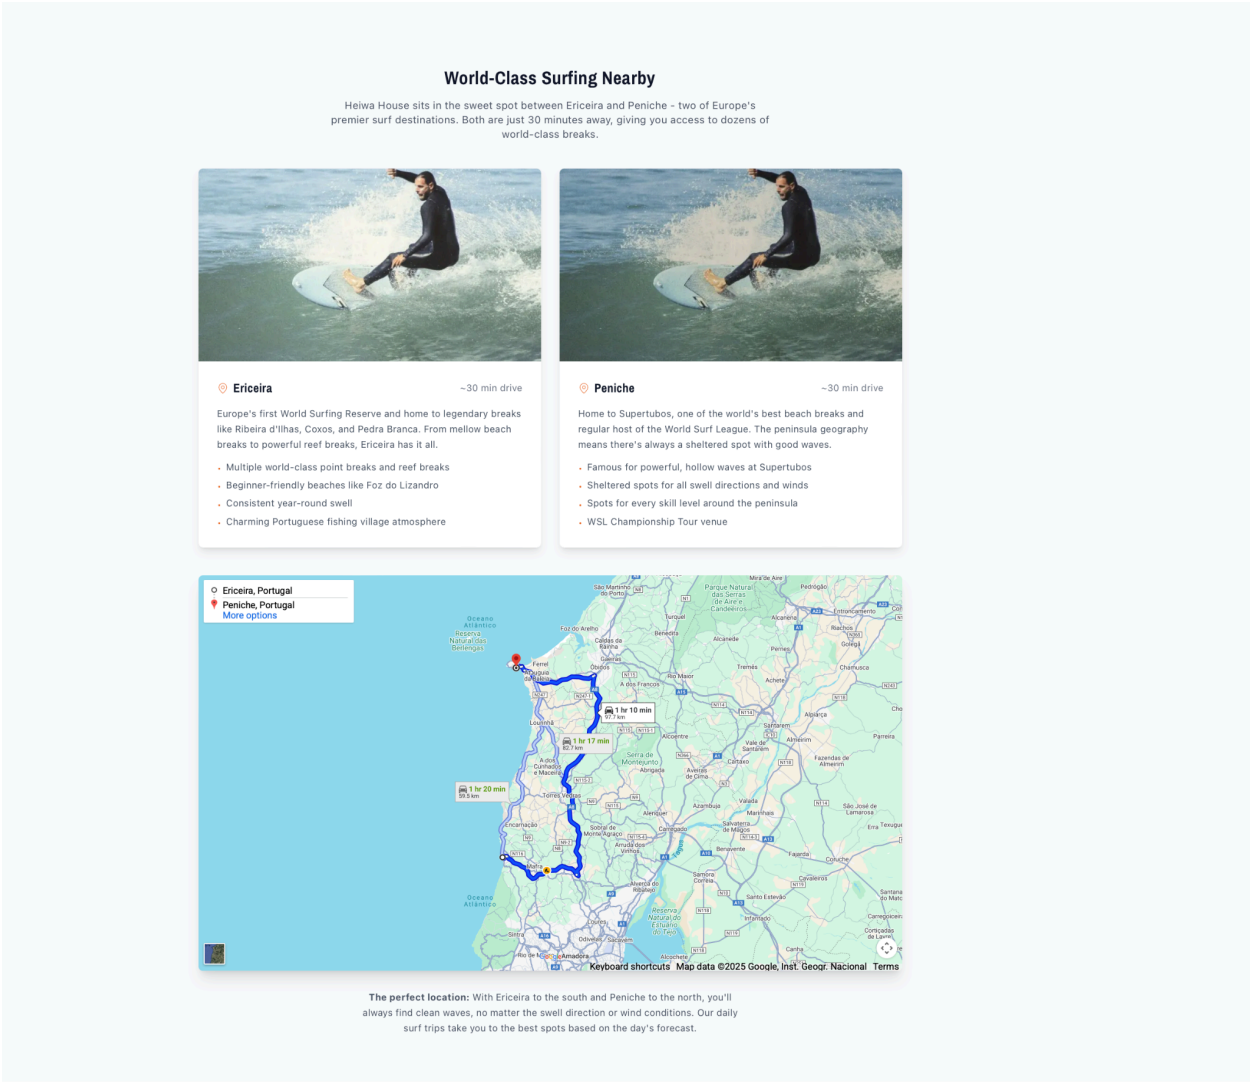

Long sandy beaches

Miles of coastline to explore. Find your own peak, avoid the crowds, and enjoy the Atlantic.

We don't name specific spots - part of the adventure is exploring and finding your own wave. But don't worry, we'll point you in the right direction 🙂

Video coming soon: Local surf sessions

This is also fine, but I think you can replace the map (which btw took like 5min to load) with this glorious image:

Best Time To Come Surf By Level

Level 1 Surfers

Those looking to take baby steps and learn to ride mainly white wash waves with an instructor can come anytime as there's never shortage of these waves. For surf + warm weather activities we recommend coming between May and October.

For surf + Sauna weather we recommend coming during the winter months.

Join Our Surf Weeks

Want the complete experience? Our surf weeks combine professional surf instruction, yoga sessions, amazing food, day trips, and an incredible community of like-minded people.

- Professional surf instruction with video analysis
- Daily yoga and meditation sessions
- Two amazing meals per day by our chef
- Surf trips to the best spots in Ericeira and Peniche
- Skateboarding, day trips, and amazing memories

Explore Surf Weeks

We need to add a section (I believe on top) that has information about surf lessons. Would need one photo carousel and a text box.

Text would be something like:

“We offer high quality surf lessons in Santa Cruz and Peniche. Professional instructors will help you to take the first steps or improve at whatever level you are. Surf lessons starting from 40 eur etc etc etc etc etc etc etc etcetc etc etc etc”

Heiwa Flow

First section should highlight with videos and images 4 main things we have (similar to first section on heiwa play)

- Yoga dome
- Sauna and Ice Tub
- Yoga lessons
- Massages

And then the second section(available on request) stays as is

Heiwa Play

1.Make a new section on top highlighting Skateboarding and Music
Each should have a video and carousel, title and text

2.Next two sections stay the same, but no need for icons on photos

Names for these sections change to:

Bookings not showing properly

I have made multiple bookings for testing and all of them show unknown guest name, no phone info and basically no meta data even though I input them all correctly.
