1 (Fixed for Edijs)

Edijs Grins
3:49 PM Today
Fixed 4th of Jan test.

Edijs Grins
3:51 PM Today
Tested on Chrome and Safari on desktop

Edijs Grins
3:52 PM Today
Also works on mobile

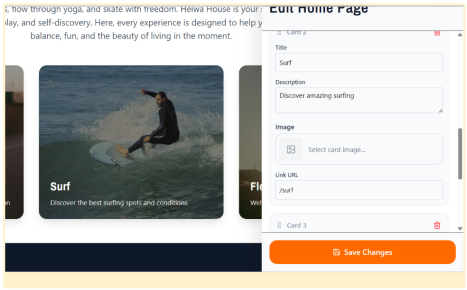

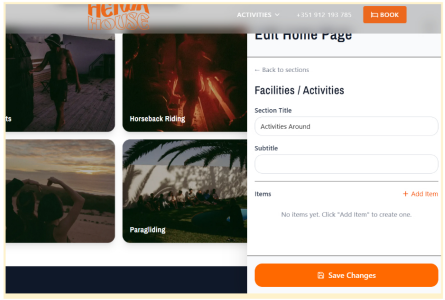

Image upload does not work
*when trying to change pictures you can see in screenshot / and hosts picture

Edijs Grins
3:40 PM Today
January 4 testing round, website says "Failed to create media item" when I tried to upload an image.

---

2 [not fixed]

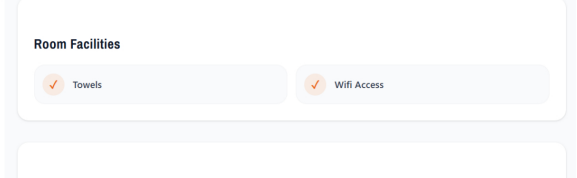

When editing Activities it does not show current list

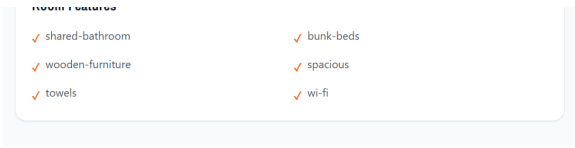

Edijs Grins
3:49 PM Today
Not fixed 4th of January test.

---

3 [fixed]

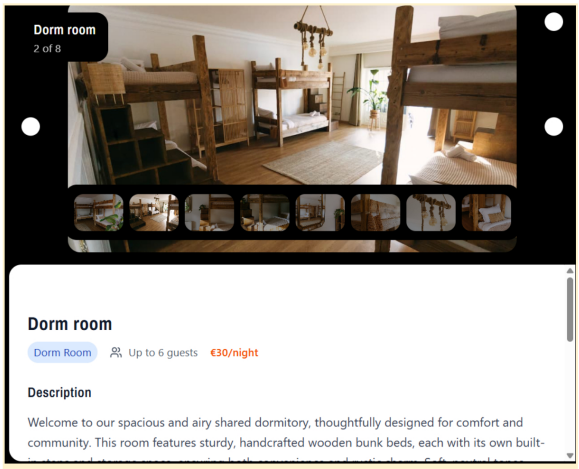

Edijs frontend 18
Edijs Booking Wi... 3

On room page there is duplicate sections - room facilities and features. On admin side online one is editable and only one is needed - facilities. Room features should be removed. Room facilities left and editable on admin side.

Picture slider does not have icons
It should not show price per night for booking a room when I am booking a camp

Price should correspond to actual lowest price from camps or be editable somewhere. Also the text should be editable somewhere.

The field which shows % bookend and how many spots left does not show correct amount of spots. On next step where you assign people to rooms - the amount is completely different. Possible reason - mixing with room rentals.

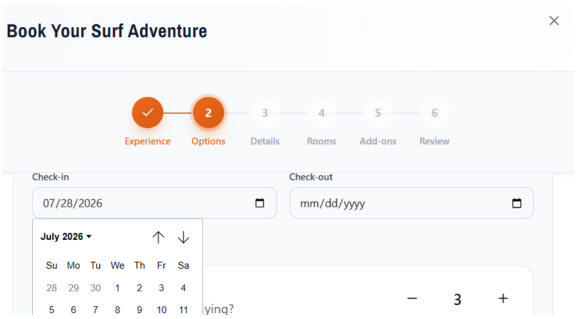

7

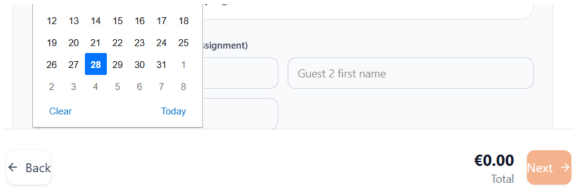

Week 10 - 17 on admin page assignments has 2 persons assigned. When trying to book through the widget it shows that just 1 bed is available in the dorm and no other rooms are available. Possible reason - mixing with room rentals.

8

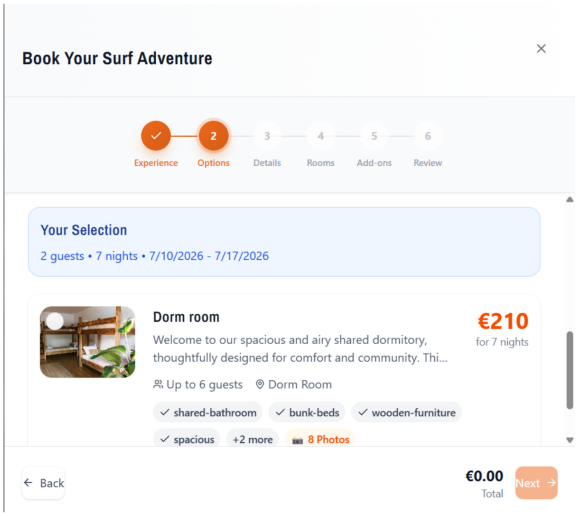

When booking a room it does not mark dates where no rooms are available (when there are surfcamps or blocked from admin calendar)

9

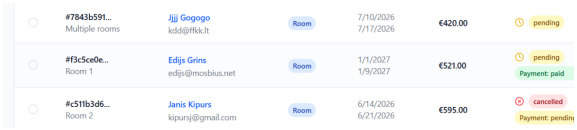

It allows me to book rooms during surf weeks. When surfweeks are on - no room bookings should be possible. Maybe that is reason for errors ir surfcamp availability - mixing with room rentals.

Techincal issues 4

Trying to filter by date. Opening calendar. Switching months refreshes the page instead of switching months.

11

Calendar events on occasion should block the dates (for both room booking and surf camps). Check box “block dates” would solve it.
